PREPARATION LEADS TO SUCCESS

We prepare students for more disciplined classroom expectations creating a stable platform for the rigorous curriculum necessary for a student's success in later life.

We do this by clearly delineating expectations and routines first, before new learning begins. We feel an atmosphere of trust and respect linked with knowledge of expectations creates an environment conducive to eagerness in learning and willingness to try new things.

THE 5 Cs ♦ OUR CORE VALUES

CHARACTER

We model and engage in positive character building activities in order to develop solid character traits like determination, honesty, patience, diligence, courage, and dependability.

COMMUNICATION

PBA uses a wide range of communication means to keep busy families up-to-date. Parents are an integral part of the learning circle. Clearly defined classroom/student goals and learning strategies allow parents to reinforce school instruction at home. Our devoted and highly skilled Title I and MTSS team create parent workshops and seminars specifically designed to help you help your student.

CONCERN

Your families' satisfaction with our educational experience is very important to us. Our Board of Directors is happy to listen to and eager to find resolutions for your concerns.

COMMITMENT

Our staff is dedicated to the wellbeing and success of your student. We push beyond current boundaries in order to deliver engaging and effective learning experiences.

CHOICE

As a Brevard Public Charter School of Choice, we are not constrained by the limitations of a standard public school. When we see a need for change we can implement that change. We are the largest and most successful Title I charter school in Brevard. That means we have more funding to help those students that really need it. We have an excellent gifted program. Our innovative environments are designed to assist our high performing students go as fast and as far as they can. Finally we are committed to our improvement as a school community.
